

*LEEDing*  
THE WAY

We are Florida's first outpatient healthcare facility to have earned the LEED® Silver certification for green building. Because when you lead the way, others will follow by example. This is why we are proud to have sought and earned the U.S. Green Building Council's silver certification for leadership in energy and environmental design. To learn more about LEED® and our "green" features visit the Green Touchscreen® interactive education kiosk in our main lobby or visit [healinginnature.com](http://healinginnature.com).

*Healing*  
IN NATURE®

  
**PARRISH**  
HEALTHCARE CENTER  
*Port St. John*

Thank you for choosing Parrish Healthcare Center at Port St. John to serve your healthcare needs. Making your healthcare experience healing is our mission.

Here you will experience convenient access to superior outpatient services and multispecialty physicians within a unique “green” healing environment—an environment that supports health and healing in balance with nature and is enhanced with art, music, water, light and a six-acre nature preserve.

#### *Other amenities include:*

- A café, proudly brewing Starbucks® coffees and “grab and go” salads, sandwiches, snacks and refreshments
- Radio Disney AM 990 Kids Zone
- Live atrium musical performances weekly
- Interactive “Green Screen” educational kiosk
- Community conference center
- Tobacco-free campus for your good health

## Digital Imaging and Services

### *Digital Imaging*

As your health care partners, all highly trained technologists and board-certified radiologists, we offer an all-digital diagnostic environment. This means superior, crystal clear images are taken faster than ever for your care and convenience.

Additionally, we are proud to have earned more procedure-specific accreditations by the American College of Radiology (ACR) than any other Brevard County outpatient center in the areas of Mammography, Breast Ultrasound, Ultrasound, Computed Tomography (CT), and Magnetic Resonance Imaging (MRI). Earning accreditation means we exceed national standards for quality and safety excellence.

The very latest in digital imaging technology available includes:

- Computed Tomography (CT) 64-slice Scanner
- Magnetic Resonance Imaging (MRI)
- Digital Mammography
- Ultrasound
- Positron Emission Tomography (PET) Scanner
- Bone Density DEXA Scanner

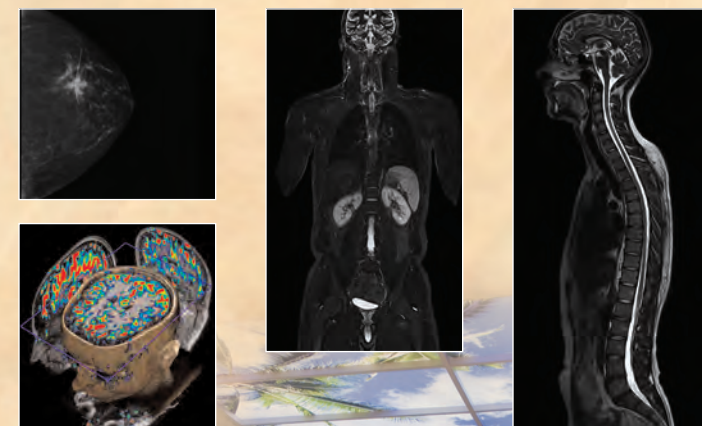

Also, upon request we are pleased to provide you with a copy of your images on a CD for your records.

### *Cardiovascular Care*

- EMG
- EKG
- Stress testing
- Echo/vascular
- Holter monitoring
- CT angiography

### *Rehabilitation Care*

- Physical therapy
- Occupational therapy
- Speech therapy

## Suites and Services

### *Sleep Disorders Suites*

The Sleep Disorders Suites provide a serene, home-like environment where you can get your sleep disorder diagnosed and treated using the latest techniques and technologies.

- Insomnia
- Snoring
- Sleep Apneas
- Narcolepsy
- Sleepwalking
- Daytime sleepiness
- Other sleep disorders

### *Diabetes Education*

Children and adults with type 1, type 2, or gestational diabetes and prediabetes are encouraged to participate. Our program is recognized by the American Diabetes Association and has earned The Joint Commission's Gold Seal of Approval™ for Disease-Specific Certification.

### *Laboratory Care*

Our Outpatient Laboratory, affiliated with the Mayo Clinic, provides you with fast, accurate services. Many of these tests are also available without a physician's order for under \$20. Just ask us about Self Refer Lab Tests.

- Blood tests
- Lipid profiles
- Therapeutic drug testing
- Cholesterol testing
- Endocrine testing
- Pregnancy testing
- Many others

### *Conference Center*

Community, civic, and support groups are welcome to use our modern meeting space as a convenient option on a first-come, first-served basis. Some charges may apply.

Regular community health education programs are held at the conference center. For a listing of events and seminars visit our web site at [psjhealthcenter.com](http://psjhealthcenter.com). To reserve a meeting space, call 321-636-9393.

### *Physician Offices*

You'll find physicians with a wide range of specialties located on our second floor for your convenience.

Please call 321-636-9393 for a list of specialties.
